EDUCATION

Techno India College of Technology
Bachelor of Computer Applications

Jul 2022 - May 2025
CGPA: 7.44/10

Birbhum D.El.Ed College
D.El.Ed

Jul 2018 - Nov 2020
Percentage: 87.15

Sree Sree Ramkrishna Vidyapith
Higher Secondary - (Class - XII)

2015 - 2018
Percentage: 54.80

Bhabanipur S.N. H.S
Secondary - (Class - X)

2015
Percentage: 71.42

PROJECTS

Portfolio Personal Web Project

- Built a fully responsive personal portfolio website using React.js, showcasing skills, projects, and achievements with smooth scroll navigation and mobile-first design principles.
- Implemented reusable components and state management with React Hooks to streamline content updates, optimize performance, and ensure scalability.
- Integrated GitHub, LinkedIn, and contact form functionalities, enhancing user interaction and providing direct access to professional profiles and project repositories.

YouTube Clone

- Developed a responsive YouTube Clone using React.js, implementing modern UI components and routing for seamless video browsing, search, and playback functionality.
- Integrated Google YouTube Data API v3 to fetch, display, and search real-time video content, enabling dynamic rendering of trending videos, channels, and video metadata.
- Applied clean architecture with reusable components, React Hooks, and optimized API requests using Axios, enhancing performance, code readability, and user experience.

UpTalk (Social Media)

- Developed a full-featured social media platform using React.js, enabling user authentication, profile management, posts, likes, and comments to simulate Facebook-like interactions.
- Utilized component-based architecture and React Hooks to build a scalable and responsive user interface that delivers seamless real-time updates and dynamic content rendering.
- Implemented secure login, data storage, and CRUD operations, following modern frontend development practices and enhancing user experience and application reliability.

CERTIFICATIONS

- **SIH** - Participated in the Internal Smart India Hackathon 2024

SKILLS

- **Languages:** Python, JavaScript, HTML, CSS
- **Frameworks:** Tailwind CSS, React.js
- **Platform:** Visual Studio Code
- **Soft Skills:** Teamwork, Adaptability, Critical Thinking, Strategic Planning
